2 gameboards • 48 face cards • 24 mystery cards
2 scorekeepers

OBJECT

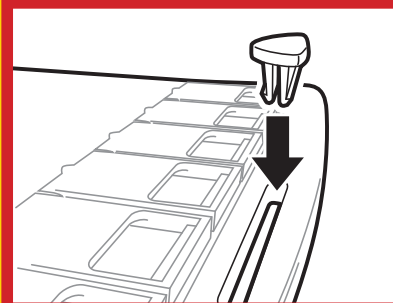

Ask clever questions to guess your opponent's mystery character before they guess yours!

THE FIRST TIME YOU PLAY

- Carefully pop out the face cards from the sheet. Discard any excess cardboard.
- Slide each of the blue face cards into the doors on the blue gameboard, then do the same for the red gameboard. The cards can be arranged in any order; the location of each character on the gameboard does not matter.
- Remove the two scorekeepers from the plastic frame, then discard the frame. Insert one scorekeeper into each gameboard as shown below.
- Unwrap the mystery cards, then discard the plastic wrap.

Slide card down in front of bar, and tuck into bottom edge.

Insert the tabs through the scoring slot on the gameboard. Push down until it clicks into place.

GET READY!

1. Choose a gameboard and flip all the doors open by tipping the gameboard away from you, then set it on a flat surface, with the scorekeeper and mystery card slot nearest you. Your opponent does the same.
2. Shuffle the mystery card deck. Then, have each player choose one card from the top of the deck and place it in the mystery card slot on their gameboard. Make sure your card faces you so that your opponent doesn't see it!
3. Place the rest of the mystery cards to the side. They won't be needed again until a new game starts.

WIN!

If you correctly guess your opponent's mystery character, you win! If you guess incorrectly, your opponent wins!

CHAMPIONSHIP SERIES

Challenge your opponent to a series of games! Every time you win a game, slide your scorekeeper up one point. The first player to win five games is the GUESS WHO? champion!

LET'S PLAY!

The youngest player goes first, and players take turns asking a question.

On your turn:

1. Ask a yes or no question about your opponent's mystery character. For example, you could ask, "Is your person wearing glasses?" Your opponent must answer either "yes" or "no." ***For an added challenge, don't ask if your opponent's mystery character is male or female until the third turn!***
2. Based on your opponent's answer, flip down faces on your gameboard to eliminate characters. For example, if your opponent says their mystery character ***is*** wearing glasses, flip down all the faces that ***are not*** wearing glasses.
3. You are now one step closer to guessing your opponent's mystery character! Now it's the next player's turn to ask a question.

Guessing the Mystery Character:

When you think you know who your opponent's mystery character is, make your guess on your next turn *instead* of asking a yes or no question. But don't take a guess until you're ready—if your guess is wrong, you'll lose the game!

HOW TO BE A GOOD GUESSER!

Look carefully at the GUESS WHO? cast of characters on the gameboard. What makes them similar or different? Do you see things like hair and eye color, big or small noses and mouths, facial hair, and accessories? Pay attention to these details to help you decide the best yes or no questions to ask!
