

CHARACTER UPGRADES

Adding Stamina Upgrades

As soon as you get a color set, you can start adding Stamina Upgrades (you don't have to wait for your turn).
Pay the Bank the cost on the Title Deed card, and place a Stamina Upgrade on the character. You must add evenly. You cannot add a second Stamina Upgrade to a character until you've added one to each character in the set. You can only have 4 Stamina Upgrades on a character.

Adding Speed Upgrades

Once you have 4 Stamina Upgrades on all characters in a color set, you can pay to add a Speed Upgrade!
Pay the Speed Upgrade cost on the Title Deed card, return all 4 Stamina Upgrades to the Bank, and put a Speed Upgrade on the character. You can only have 1 Speed Upgrade per character. You can't add any more Stamina Upgrades. You cannot add Stamina or Speed Upgrades to a character if any character in its color set is benched.

Note: "Benching characters" is just like "mortgaging properties" in the Monopoly game.

Not enough character upgrades?

If multiple players want to buy the last Stamina or Speed Upgrade, the Referee must auction it. Bids start at 10 points and anyone can increase the bid by as little as 1 point. You don't need to follow turn order. Payment goes to the Bank.

No character upgrades left?

You can't buy any until someone sells theirs back.

DEALS & TRADES

You can buy, sell, or swap characters and locations with other players at any time.

You must sell all character upgrades on a color set to the Bank before you can sell or trade a character. You cannot sell or trade character upgrades to another player.

Characters and locations can be traded for points, other characters and locations, and/or Get Out of Jail Free cards. The amount is decided by the players making the deal.

Benched characters and mortgaged locations can be traded at any agreed-upon price.

The new owner must immediately:

Reinstate the benched character/repay the mortgage on the location (pay the Bank the reinstate cost or unmortgage cost).

Or keep the character benched/keep the mortgage (just pay the Bank 10% of the benched value or mortgage value now).

HELP! I CAN'T PAY!

1 Try to earn points.

If you owe points and can't pay, try to raise points by selling character upgrades back to the Bank and/or benching characters and mortgaging locations.

Selling Character Upgrades

Sell Speed Upgrades to the Bank for half the cost, and exchange them immediately for 4 Stamina Upgrades.

Sell Stamina Upgrades to the Bank for half the cost. Stamina Upgrades must be sold evenly across the color set.

Benching Characters and Mortgaging Locations

To bench a character, you must first sell all character upgrades in its color set to the Bank at half their cost price.

To bench a character or mortgage a location, turn the Character or Location card facedown, and collect the benched value or mortgage value on the back from the Bank.

To reinstate a benched character or repay a mortgage, pay the reinstate cost or unmortgage cost to the Bank (benched value or mortgage value +10%), then turn the card faceup.

Bonus points cannot be collected on benched characters or mortgaged locations. However, the increased bonus point level can be collected on characters in a color set that have not been benched.

The increased bonus points on unmortgaged locations may be collected in the same way.

2 If you still owe points, you are ejected from the game!

Do you owe another player?

Give them all your benched characters, mortgaged locations, and any Get Out of Jail Free cards.

The new owner must immediately:

Reinstate the benched character/repay the mortgage on the location (pay the Bank the reinstate cost or unmortgage cost).

Or keep the character benched/keep the mortgage (just pay the Bank 10% of the benched value or mortgage value now).

Do you owe the Bank?

Return all your characters and locations to the Bank. Any characters that were benched are reinstated. Any mortgages on locations are canceled.

All your characters and locations must immediately be put up for auction.

Return any Get Out of Jail Free cards to the bottom of the Hoop deck.

The remaining players keep playing until there is only one person left in the game. That player has scored the most points and wins the Serververse Classic!

TOP TIPS

To keep your game short and sweet, don't use house rules!

Always auction when someone doesn't want to buy the character or location they've landed on.
Never loan points to other players or make deals not to collect bonus points from each other.
Never put points in the center of the board; you don't get a bonus for landing on Free Parking!

When can I take shots at the basket?

When you pass or land on the 60 space

Shoot 3 from the 3-Point Line

- Collect 100 every time you score
- Collect an extra 200 if you score all three!

When you land on the 60 to Jail space

Score 1 from the Free-Throw Line to avoid jail!

When you want to get out of Jail

Score 1 from the Free-Throw Line to escape!

When you land on another player

Both shoot 1 from the Free-Throw Line

- If both of you score, you each collect 100
- If only one of you scores, the player who scored collects 100 from the player who missed!

When you draw a Hoop card

Shoot from wherever it says on the card

WHAT'S DIFFERENT ABOUT MONOPOLY: SPACE JAM™ A NEW LEGACY?

HIGHEST SCORE WINS!

In MONOPOLY: SPACE JAM™ A NEW LEGACY, the money pack represents points, and you win by earning the most points. You earn points by recruiting Looney Tunes characters, buying locations on Marvin the Martian's flying saucer (they replace the Monopoly game's utilities!), and taking shots at the basket!

BONUS POINTS & UPGRADES

You're recruiting characters to take part in the Serververse Classic—a big, crazy basketball game created in the virtual world! That means instead of collecting rent from other players, you'll collect bonus points. And you can add Stamina and Speed Upgrades (left) to your recruited characters to earn more bonus points!

SPEED

THE HOOP

Every time you pass or land on the GO space, you get to take 3 shots at the basket. Certain cards might also allow you to shoot, and if you land on the Go to Jail space, you'll get to shoot then too—and if you score, you'll avoid Jail!

THE LAUNCHER

You will use the launcher to shoot the ball from one of two positions on court: either the Free-Throw Line, which is in the center of the board, or the 3-Point Line, which is close to the GO space. Although you'll move the launcher between those two positions as you play, you will always place it on the Free-Throw Line at the start of the game.

BEFORE YOU PLAY

- 1 Punch out the character tokens and place them on their plastic bases.

- 2 Assemble the basketball hoop:

Attach the net to one of the tabs on the back of the rim.

Loop the net around the rim and secure onto the other tab at the back.

Push the net up to one of the narrow tabs on the front of the rim.

Push the two tabs on the rim into the hole on the backboard.

At the end of the game, remove the rim from the backboard and the post from the base to store back in the box. You can leave the net attached to the rim.

SET IT UP!

- 1 Choose someone to be the Referee. The Referee's in charge of:
 - The Bank's points
 - Stamina Upgrades
 - Speed Upgrades
 - Title Deed cards
 - AuctionsThe Referee can play too but must keep their points separate from the Bank.
- 2 Referee, give each player:
 - 1 x 5
 - 1 x 5
 - 1 x 10
 - 2 x 2
 - 1 x 20
 - 1 x 50
 - 1 x 100
 - 4 x 4
 - 2 x 500(Total = 1500 points)
Keep the rest of the points in the box as the Bank.

- 3 Position the launcher on the Free-Throw Line. Gently push the tabs on the launcher into the holes on the board.
- 4 Position the basketball hoop here. Gently push the tabs on the base into the holes on the board.
- 5 Shuffle the Hoop cards, and place them facedown here.
- 6 Shuffle the Power Up cards, and place them facedown here.
- 7 Each player chooses a token and places it on GO.
- 8 Put the dice and the ball by the board.

Note: Throughout the game, you'll move the launcher to the holes behind the 3-Point Line to shoot from there too!

PLAY!

How to win

Move around the board recruiting as many Looney Tunes characters as you can, and take shots at the basket to earn points. Collect bonus points from other players when they land on your properties, and add character upgrades to earn even more. If you're the last player with points when all other players have lost theirs, you win!

Who goes first?

Each player rolls both dice. The highest roller starts, and play moves to the left.

On your turn

1. Roll both dice.
2. Move your token clockwise that number of spaces.
3. Where did you land? Carry out the rules of that board space. See THE BOARD SPACES.

Did you land on another player? You must both take a shot from the Free-Throw Line. You shoot first!

- If both of you score, you each collect 100 points from the Bank!
- If only one of you scores, the player who scored collects 100 points from the player who missed!
- If no one scores, nothing happens.

Note: If you land on more than one player, choose one of them to compete against.

Did you roll doubles? Roll the dice again, and take another turn.

Watch out! If you roll doubles 3 times in a row, you must immediately go to Jail! Do not complete your third turn.

4. Your turn ends. Pass the dice to your left.

THE BOARD SPACES

PROPERTIES

There are two types of properties: Looney Tunes characters, which come in color sets, and locations on Marvin the Martian's flying saucer.

Unrecruited Characters / Unowned Locations

When you land on an unrecruited character or unowned location, you must buy it or auction it.

Want to buy it?

Pay the points on the board space, and take the Title Deed card from the Bank.

Don't want to buy it?

The Referee must auction it. Bidding starts at 10 points, and anyone can increase the bid by as little as 1 point. You don't need to follow turn order, and the Referee ends the auction when no player is willing to increase the bid. The highest bidder pays the Bank. If no one wants to bid on the character or location, that's fine. No one pays anything, and the Title Deed stays with the Bank.

Collect color sets!

When you own each character in a color set:

- You can collect double the bonus points for those characters!
- You may add Stamina and Speed Upgrades and collect even more bonus points! See CHARACTER UPGRADES.
