MATCHING GAME

Into the night to save the day!

Let's match pictures of Catboy, Gekko, Owlette, and more!

CONTENTS : 72 cards

OBJECT

Flip cards and find matching pictures!

GET READY!

Place all of the picture cards face down on a flat surface and shuffle them around. Then, place them in a grid, as shown.

LET'S PLAY!

The youngest player goes first, then play passes to the left.

1. On your turn, pick any card and flip it over. Then, pick another card and flip it over.
2. If the pictures on the cards match, congrats! Remove them from the grid and place them in front of you. Then take another turn! (You get to keep flipping over cards as long as you keep making matches.)
3. If the cards you flip over don't match, turn them back over and keep them in the same spots on the grid. Try to remember where they are for next time!
4. Now it's the next player's turn!

NOTES

- For younger players, try starting with fewer cards in the grid. Then, as the players get the hang of the game, add more cards!
- Don't forget: your turn doesn't end until you flip over cards that don't match.

WIN!

When all of the cards have been matched up, each player counts the cards in their score pile. The player with the most cards wins!
