CONTENTS

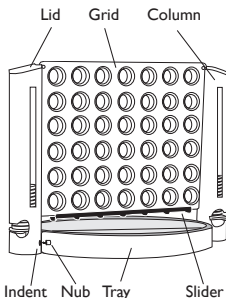

Grid with trays • 21 yellow discs
21 red discs

OBJECT

Be the first player to get four of your color discs in a row.

THE FIRST TIME YOU PLAY

Attach one tray to the grid by inserting the two nubs on the tray edge into the indents near the bottom of each column. Repeat for the other tray. The assembled unit is shown here.

GET READY

Fold out the two trays and make sure the slider tab is in the middle of the grid. Open the lids at the top of each column and drop the discs into the columns on the sides of the grid: yellow on one side, red on the other. Each player chooses a color.

PLAY

1. The youngest player goes first!
2. On your turn, drop one of your discs into any slot in the top of the grid.
3. Take turns until one player gets 4 of their color discs in a row—horizontally, vertically, or diagonally.

WIN

The first player to get 4-in-a-row wins!

TO PLAY AGAIN

Push the slider to the side to release all the discs. Then, slide it back to the middle of the grid. Place the discs back into the columns on the sides of the grid.

STORAGE

Place the discs back into the columns on the sides of the grid, and snap shut the lids at the top of each column. Fold up the trays.
